RESPONSE

Honorable Commissioner for Patents,
P.O. Box 1450,
Alexandria, VA 22313-1450

Sir:

RECEIVED

NOV 10 2003

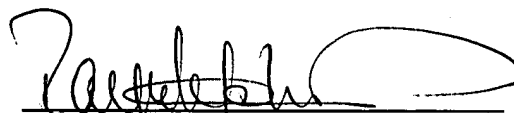

GROUP 3600

In response to the Office Action mailed 05/29/2003, the applicants respectfully submits follows.

1. The applicants are acknowledged that the claims 33 to 82 have been entered in this application.
2. The Examiner rejected claims 33-82 under 35USC102(f) because the applicants' papers filed with an improper Request for Continued Examination (a C.P.A. which was treated as an R.C.E. by the Office in that request for Continued Prosecution would be inappropriate based on the filing date of the instant application) list a different inventive entity, namely inventor Wang, so that these papers were not entered while neither a C.P.A. nor an R.C.E. could be established. In order to overcome the above rejection reason, the applicants respectfully submit a Request for Continued Prosecution in proper format and inventorship of the instant invention to continue the prosecution of the pending claims 33-82 of the instant invention.
3. In view of the above, reconsideration and withdrawal of the rejection are requested. Allowance of claims 33 to 82 at an early date is solicited.

4. Should the Examiner believe that anything further is needed in order to place the application in condition for allowance, he is requested to contact the undersigned at the telephone number listed below.

Respectfully submitted,

Raymond Y. Chan
